

To all my WROA Board colleagues, associates, friends and the great residents of the WingHaven Community:

The opportunity to serve the City of O'Fallon as Councilman of Ward 3 is an honor. It is a serious responsibility to serve in the best interests of the City overall and, in particular, the residents of Ward 3. I look forward to the challenge and the time it takes to perform at my highest God-given potential.

In addition, I have been blessed with the opportunity to serve as President of the WROA Board - equally important which requires an equal amount of commitment and energy.

However, I have discovered that there are limitations to sustaining peak performance at two endeavors I care about that require significant time, effort and energy.

Therefore, I have decided I must step aside as President of the WROA Board effective immediately after the October 16, 2017 Board Meeting.

I have nothing but respect and admiration for the current WROA Board members - the best of the best. The future is bright for WingHaven because of many dedicated volunteers. Everyone I have worked with from MPS, WH Country Club Management, WH Events Committee, WH Neighborhood Watch, Runyon Landscaping, WH Business Association, CMA Managing Agents, WH Voting Members, to all the many volunteers - all have demonstrated a singular goal of searching for what is in the best interest of our great WingHaven Community.

Thank you to all of those who have been involved and will continue to give their best.

It's been my pleasure to serve these many years.

Dale G. Kling
