

Presidents Message

April 19,2021

Thanks to all for their tremendous job on lawns and landscaping. All villages look good and we can be proud to live in Winghaven.

Camera up-date... Because the Winghaven cameras have enabled the police to catch many stolen cars in the past 12 months the city will lease 12 license plate readers for O'Fallon use. They are encouraging other communities to invest in these cameras.

Tree and Mold issues. It is the home owner's responsibility to remove dead trees on their property and in the easement as well. If you remove a tree, you must remove the stump as well.

Mold can become an issue. Please survey the exterior of your house and make plans to remove any mold before it gets out of hand.

Be safe

Bill
