

Presidents Message

July 2021

Thanks to all residents for your attention to detail and keeping our neighborhoods beautiful and safe.

Lawns and landscaping look very nice for most Homes. Please be sure to attack those pesky lawn weeds and crabgrass early before they get out of hand. I am starting to see the mid to late summer weeds in my own landscaping and it is a continuous battle to control.

Parking.... Seems to be more of an issue during our summer months. Winghaven Indentures states that there is **no street parking allowed at ANY time**. The only exceptions are for visitors and maintenance vehicles. Visitors are not someone who shows up Most days and parks in front of a house.

Have a safe Month.

Bill
