

Parking dialog to clarify the rules.

- 1 There is no parking allowed on the street in WingHaven.
- 2 There are exceptions which will allow for some temporary street parking.
  - A When you are having home services performed. The workers may park on the street.
  - B When you are having a party for a graduation, birthday, holidays and so on.

Technically the indentures state the following.... Upon request, the board may permit temporary parking on streets or other areas of the Residential property for public or private social events or other permitted activities. Please give the board a minimum of 1 week notice.
- 3 Visitor parking is allowed. This should be limited to no more than 5 hours.

***Your visitors must exhaust all parking spots on driveway first.***
- 4 A visitor is **not** someone who comes every day or several times per week.
- 5 The board can allow for other street parking like daily medical visits and handicap issues.

These exceptions must be cleared thru the board.
- 6 **Overnight parking is strictly prohibited.**
- 7 There are RV rules with a very limited time period.
- 8 No parking on any WingHaven street during a snow storm.

The parking rules are in place for safety, traffic flow and property values.
